

## Form Technologies Inc. Environmental Policy

Form Technologies Inc. recognizes that environmental issues are of fundamental importance to a successful and responsible business strategy. We are committed, through a process of continual improvement, to minimizing the environmental impact of our operations and to be a good environmental neighbor wherever we do business. In line with this commitment Form Technologies Inc. will:

1. Ensure that our operations comply with all the relevant legislation and defined Group standards;
2. Manage all environmental issues at, or as close as practical to their source;
3. Strive to design and develop products that have the minimum environmental impacts during their manufacture, use and subsequent disposal;
4. Minimize energy usage and waste wherever practical;
5. Reuse or recycle materials wherever practicable;
6. Seek to purchase goods and services from environmentally responsible suppliers;
7. Provide its employees with the necessary training in environmental best practice;
8. Communicate its environmental policy and practice at all levels and at all sites of the organization;
9. Monitor progress using internal and external auditing, and regularly report on our environmental management performance;
10. Review our environmental policy on a regular basis
